# 2026 ANNUAL RISK MANAGEMENT EDUCATIONAL CONFERENCE

KŪPONO I KA NALU NU

Steadfast Amid the Big Waves of Change

*Join us as a sponsor at our second annual Risk Management Educational Conference and support a premier annual event uniting Hawai'i's healthcare leaders for safer quality healthcare.*

HAHRM, an association of Hawai'i statewide healthcare professionals interested in risk management is proud to announce the 2026 Risk Management Educational Conference.

The inaugural 2025 conference in September was a major success, bringing together state and national speakers on a variety of risk/patient safety issues designed for a Hawai'i audience. Over 60 professionals participated in this event, both live and online. We plan to improve upon this success in 2026.

We invite you to become a sponsor. Through sponsorship you can showcase your brand to an expected target audience of risk, quality, patient safety, compliance and other healthcare professionals and C-suite executives from organizations across the state. Please see the tentative agenda for our two-day program and find ways to elevate your visibility through sponsorship.
